Subject: Additional Screening Procedures for Togo international ships registry

To: Deputy Registrars

We write to inform you of the implementation of additional screening procedures by the International Ships Registry of Togo (I.S.R.T.) and their applicability to all the Togolese flag registered vessels and their owning/managing companies.

The current situation in the Maritime Sector, particularly concerning sanctioned areas, trafficking, Ship-to-ship transfers (“STS”), and the manipulation of the Automatic Identification System (“AIS”), necessitates a heightened focus on compliance with the Togolese Maritime Sanctions Policy. To ensure adherence to international requirements and uphold the reputation of the I.S.R.T., the Administration will be conducting more detailed screening and vetting procedures.

As a result, an additional fee of 100 USD (one hundred USD) will be imposed on new entries, annual taxes, change of management, and ownership to support these enhanced measures.

We recognize the importance of safeguarding Togolese flag registered vessels and the respective owning/managing companies. We seek your full collaboration and support to prevent any negative implications on the reputation of the International Ships Registry of Togo and its entire fleet.

Your cooperation is vital in ensuring the success of these additional screening procedures and upholding the standards of compliance within the maritime sector.

Thank you for your attention to this matter, and we appreciate your continued support.
